The Health Writer's Handbook offers expert practical guidance to current or prospective health writers who wish to communicate effectively about medical subjects and to build a satisfying career in an expanding field. Like the writing process, this book begins with choosing topics.

Health writer's handbook (Book, 1998) [WorldCat.org]

Although targeted toward the writing professional, Health Writer's Handbook is a good source for the non-writer in this age of one scientific study telling you not to eat fiber and another saying you must eat forty bowls of it. The book is arranged in order of how one would go about researching and writing an article or book in the health field.
