“Managing Transitions” by William Bridges

One of the classic texts on change management is Managing Transitions: Making the Most of Change by William Bridges, originally published in 1991 and last updated in 2009. William Bridges, an American author, speaker, and organizational consultant, emphasizes the importance of understanding transitions as a key for organizations to succeed in making changes.

Managing Transitions: Making the Most of Change by William ...

Change consultant William Bridges developed and published the Transition Model in his 1991 book "Managing Transitions." The model highlights the difference between change and transition. Change happens to people. Transition, on the other hand, is internal: it's what happens inside people's minds when they're presented with change.

Bridges' Transition Model - Change Management Tools From ...

The Bridges Transition Model is a model that helps a business or person with organisational change. The strength of this model is that it focuses on the transition to change. It's this transition that's often uncomfortable for people, leading to resistance.
