grade 12 history study guide - PDF Free Download

Both, ethnography and ethnology, are natural sciences. They are the two minor branches of anthropology or the study of the history of man. Ethnography deals with the procedures carried out in any society. It deals with the study of procedures such as marriages, weddings, cremation procedures, burial procedures, and the like.

Martian Chronicles Study Guide Answers

Although there isn't a specific recommended course of study for eighth-grade science, students typically continue to explore earth, physical, and life science topics. Some students may take a general or physical science course for high school credit while in eighth grade. Common general science topics include the scientific method and terminology.
