### (PDF) Water: a Matter of Life - Long-term strategic ...

Water means the possibility of life. It is quite literally a matter of life and death, both for human and all other life on planet Earth. My aim in this paper is to consider water first as a religious symbol, but then also as something far more than that. My approach is based on a practical theology paradigm in which theory and praxis interact ...

"Water -- A Matter of Life and Health" should be in the hands of everybody involved or at least interested in making life easier and more pleasurable. For that sake, one would hope for some benevolent donor or donors to fund translations into other languages, as well as to help lower the price or even get it distributed for free for the readership in the developing countries.

### Water: A Matter of Life and Health: Water Supply and ...

Water is unique because the properties of water allow it to exist in all three states of matter! Water is usually a liquid, but when it reaches to 32° Fahrenheit (F), it freezes into ice. (Ice is the solid state of water.) When water reaches 212° F, it boils. When it begins to boil, some of the water turns into steam.
